Passport: H584785 | **ID:** 10834107 | **Work permit:** Tunisian | **Date of birth:** 03/10/2001 |

Place of birth: Nadhour, Zaghouan, Tunisia | **Nationality:** Tunisian | **Phone number:**

(+216) 94636788 (Mobile) | **Email address:** seifeddinbensassi@gmail.com |

Address: Av. Habib Bourguiba, 1160, Nadhour, Zaghouan, Tunisia (Home) |

Address: Sahloul, 4000, Sousse, Tunisia (Sahloul)

ABOUT ME

I am a web developer with a strong foundation in software engineering, specializing in building modern, responsive applications with a focus on performance and security. My background combines hands-on development experience with solid engineering studies, giving me both the technical expertise and the problem-solving mindset to contribute effectively to any development team. Beyond coding, I value continuous learning and enjoy tackling challenges that require creativity, precision, and strategic thinking.

WORK EXPERIENCE

 **AUTOPRIX.TN** – SOUSSE, TUNISIA

Business or Sector Other service activities | **Department** IT Department | **Email** contact@autoprix.tn |

Website <https://www.autoprix.tn/>

WEB DEVELOPER – 01/08/2025 – CURRENT

- **Developed** and maintained the company's e-commerce platform, ensuring optimized performance and scalability for thousands of automotive products.
- **Built** responsive UI components with Next.js, TypeScript, and TailwindCSS to enhance product pages, checkout flows, and customer dashboards.
- **Designed** and optimized APIs for product management, user authentication, and order workflows.
- **Collaborated** closely with marketing and sales teams to deliver promotional landing pages and improve SEO performance.
- **Conducted** continuous refactoring, caching, and database optimization to ensure fast and reliable user experience.

 **STÉ SK ALMINDHAR** – HAMMAM SOUSSE, SOUSSE, TUNISIA

Business or Sector Accommodation and food service activities | **Department** IT Department |

Email almindhar.management@gmail.com | **Website** www.almindharbooking.com

WEB DEVELOPER – 12/11/2024 – 24/07/2025

- **Built modern, responsive user interfaces:** complete Help Center, Blog section, Listing Detail page, and the Account Settings & Complete Profile flows, all designed around current UI/UX best practices.
- **Writer Dashboard:** engineered a unified author workspace that centralises creation, scheduling, and lifecycle management of blog posts and Help Center articles.
- **Developed secure client and admin dashboards:** adding features for reservation tracking, user management, real-time system analytics, and the Edit Listing module while revamping role-based navigation.
- **UI & code optimisation:** extensive refactoring, targeted lazy-loading, and incremental caching reduced time-to-interactive by ~40 %.
- **API design & delivery** for bookings, authentication, and customer/host portals.
- **SQL & Supabase architecture:** PostgreSQL schema design, RLS policies, and billing webhooks.
- **Technical leadership:** actively contributed to architectural decisions, code reviews, and full-stack performance tuning, pushing Lighthouse performance scores above 90/100.

Capstone Project (within Almindhar):

- **Designed an AI-powered Blog Platform** leveraging AI APIs for intelligent content generation and automated publication workflows.
- Delivered as part of my software engineering formation, hosted inside the company's infrastructure.

 **AUTOLIV STEERING WHEELS TUNISIA** – NADHOUR, ZAGHOUAN, TUNISIA

Business or Sector Manufacturing | **Department** Electrical Maintenance Engineering | **Email** rachida.slama@autoliv.com |

Website <https://www.autoliv.com>

END OF STUDY INTERNSHIP (BACHELOR) – 01/02/2023 – 14/06/2023

- **Capstone Project – Machine-Vision Quality Control** (4½ months) *Autoliv, ST-140 E-CHECK* line
- **Designed and built** an automated vision system to detect the “Omega” spring inside automotive steering wheels, replacing manual inspection with 100 % in-line verification.
- **Integrated a Cognex 7905M industrial smart camera** into the ST-140 ECHECK station; wrote inspection tools and pass/fail logic in In-Sight Explorer.
- **Programmed and synchronised a Siemens S7 PLC via TIA Portal**, coordinating camera triggers, conveyor logic, and rejection actuators for seamless production-line operation.

 **AUTOLIV STEERING WHEELS TUNISIA** – NADHOUR, ZAGHOUAN, TUNISIA

ENGINEERING INTERN – 01/07/2022 – 01/08/2022

- **Conducted** preventive and corrective maintenance on electrical and electronic installations.
- **Performed** fault diagnostics, repairs, and compliance checks to ensure all work met applicable standards.
- **Maintained** detailed records and traceability of every technical intervention for follow-up and continuous improvement.

● **EDUCATION AND TRAINING**

15/09/2023 Sahloul, Sousse, Tunisia

MASTER-LEVEL ENGINEERING PROGRAM IN COMPUTER SCIENCE – SOFTWARE ENGINEERING EPI SUP

Website <https://www.episup.com> | **Level in EQF** EQF level 6

15/09/2020 – 14/06/2023 Sousse, Tunisia

BACHELOR'S DEGREE IN ENGINEERING Higher Institute of Technological Studies of Sousse

Website <https://isetso.rnu.tn> | **Level in EQF** EQF level 5

15/09/2016 – 18/07/2020 Zaghouan, Tunisia

BACCALAUREATE – TECHNICAL SCIENCES TRACK Lycée Ibn Charaf, Nadhour

Level in EQF EQF level 3

● **LANGUAGE SKILLS**

Mother tongue(s): **ARABIC**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C2	C2	C1	C1	C2
FRENCH	B2	C1	B1	B1	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **SKILLS**

Microsoft Word | JavaScript | PostgreSQL | TypeScript | use object-oriented programming | database management systems | TIA Portal | Java (computer programming) | use software libraries | web programming | use markup languages | style sheet languages | Microsoft Powerpoint | Microsoft Office | Next.js | BootstrapCSS, TailwindCSS | Node.js | GIT version control, Linux Command | maintain responsive design | Agile development | Knowledge of saas, Git/Github, scrum

● **HOBBIES AND INTERESTS**

Writing

I enjoy creative writing as a way to sharpen communication and clarity of thought. It helps me approach challenges with perspective and express ideas effectively.

Chess

Playing chess has strengthened my **strategic thinking**, **patience**, and **problem-solving** skills, which I apply both in life and in my professional work.

Tech Exploration

I like experimenting with new web frameworks and tools, staying updated with modern technologies to keep improving as a developer.

Sports & Fitness

Regular exercise helps me stay disciplined, focused, and balanced, which translates into better productivity and resilience at work.
